75						Boating			
Volunteers: None									
Comments: MV Recreation Dept. Staff was well organized with parade participant lists and maps with numbered locations for participant line-up. PD asked us to guard street barriers and let in only participant vehicles. Participant lists had numbers, but participants did NOT... only titles.									
Suggestions: For future, it would be helpful to have 2 radio units at start to enable catching all participant titles. Minimum people for this parade configuration is 5 people.									
Went Well: All went well.									
Lessons Learned: For this event, it would be helpful to have a headset or ear-plugs that connect to speaker-mikes. With the noise at setup and during the parade, it was sometimes difficult to hear.
