73						Traffic Ctl	1+1	
74	1500	1900						
75	0900	1630				Boating		

Volunteers: None

Comments: Have the Chamber get a list of their event radio frequencies so we can monitor them.

Suggestions: The Chamber of Commerce should make sure that booths in the center of the street and booths on the curbs leave adequate space for the public to pass. The ATT booth position was a special problem.

Went Well:

Lessons Learned: We should make a short list of radio protocol instructions to be given to the staff that has the event radios. We had urgent traffic for the warehouse and the staff was trying to find out about something that could have waited.
