Volunteers:

Comments: The Rec. Dept. had lists of the vendors with space numbers and names to be checked off. There was space for licence plate no. and car type, which Jerry attempted to get, but as the cars came faster, it was not possible to get all of those.

Suggestions: I suggested that the license no. and car make should be requested when vendors sigh up. That way, the staff can check to see if the vendors have moved their cars after unloading. I would estimate that 80% of the vendors did NOT move their cars.

Went Well:

Lessons Learned: I also suggested that the REC dept. have signs at the entrances to the front and side parking lots directing people to the Bar-B-Q lot and the Seior center lots when the other lots are full.
